MAY 2024

## *Product of the Month*

### **SkinMedica Even & Correct Advanced Brightening Treatment**

This powerful daily serum is clinically proven to target and prevent hyperpigmentation and melasma. It can be used both morning and evening around your face, neck, and décolleté following your cleansing and toning regimen. This retinol-free treatment includes plankton extract, phenylethyl resorcinol, and phytic acid to promote healthy-looking skin and even tone.

This product is perfect for all skin types! You can purchase it by clicking the link below.

## **NURSES DAY** MAY 6TH

In honor of Florence Nightingale, we celebrate all our nurses every May from the 6th to the 12th. Our incredible nurses Meredith, Gail, and Barbara are crucial parts of both our team and our family. We're so thankful and appreciative of their continued dedication and support over the last few decades.

The Neighborhood Health Clinic celebrated its 25th anniversary last month! It has been a privilege and an honor to support such a fantastic organization that helps so many people who otherwise may not be able to receive such excellent care.

If you aren't already involved with the Neighborhood Health Clinic, we invite you to learn more about this incredible organization and get involved!
